

P20
LITERACY COLLABORATIVE

JANUARY 30, 2020

THE CONFERENCE CENTER AT OCLC, DUBLIN
LAKESIDE ROOM

WELCOME, INTRODUCTIONS, & CONTEXT SETTING

- Welcome to the second of four **P20 Literacy Collaborative** meetings for 2019-2020!
- **P20 Literacy Collaborative** brings together members of the Higher Ed Literacy Steering Committee (HELSC) – a committee of the Ohio Deans Compact – and the IHE-district teams recently awarded *Improving Literacy Partnership Grants*.

P20 LITERACY COLLABORATIVE – *A COP THAT...*

Supports authentic, meaningful, and sustainable university-school district partnerships to promote inclusive models of preparation and personnel development for educators, improve equitable access to high-quality literacy instruction and equitable literacy outcomes for struggling learners, and fund development efforts that support shared inquiry into common problems of practice related to improving literacy results for all learners.

THE COP IS INTENDED TO:

1. Allow for the **identification of possible alignments and gaps** between preservice preparation and in-district practice regarding the use of evidence-based early language and literacy instruction;
2. Foster **shared understanding** on the part of higher education and school district faculty of curricular improvement processes and **shared ownership** of curricula developed through the project beyond individual faculty;
3. Identify strategies for **“bridging” the preparation to practice continuum** (i.e., the transition between what educators are able to do upon leaving preservice programs and what teaching reading to diverse learners asks of them); and
4. Provide a **forum for shared learning and greater mutual understanding and appreciation** among representatives from higher education, school districts, regional entities (e.g., state support teams), and other partner groups.
