September 10, 2020

VIA ZOOM ([Link opens at 8:45 am](#))

AGENDA

Meeting Outcomes:

- To understand Ohio's approach, including statewide literacy initiatives, to improving literacy outcomes for all learners;
- To understand how to support educators in providing reading instruction and intervention to learners in the virtual environment;
- To understand the theoretical models that underpin the science of reading;
- To understand that reading and writing depend on language abilities; and
- To consider recommendations for shifts in course syllabi based on the science of reading because we can't leave the development of new teachers to chance.
